# Information Security Policy

Plessey is committed to protecting the security of its business information and achieves this through the implementation of an Information Security Management System.

Plessey commits to:

- Continually review and improve the performance of the information security management system by setting objectives and targets.

- Comply with all relevant regulatory and other requirements applicable to the business and the information security management system.

- Communicate with all parties working for or on behalf of the company in order to raise their awareness and understanding of the company's ISMS policy and their role within it.

Ensure these aims are achieved through the use of the appropriate procedures, information and resource, that will be systematically monitored, audited, reviewed and improved.
