

Quality Policy

The Plessey Quality Policy is to provide innovative products with world-class service while continually improving all aspects of our business.

This will be achieved by our total commitment to:

- Get things right the first time;
- Reduce the time we take to do everything;
- Provide compelling solutions to ensure that our customers succeed;
- Design our manufacturing systems to satisfy our customers' total quality requirements;
- Comply with all requirements and maintain the effectiveness of the quality management system and;
- Involve **all** employees in the process of continual improvement.
